

GO BEYOND

ENGINEWISE

PROGRAM OVERVIEW

A COMPLETE AFTERMARKET PORTFOLIO

For nearly a century, Pratt & Whitney has been a leader in the engine industry, amassing a wealth of experience unmatched in the business. Today, we blend OEM (original equipment manufacturer) capability with our MRO (maintenance, repair and overhaul) flexibility. We listen to you from both sides of the business and take the time to understand each customer's unique operational needs.

EngineWise® combines industry-leading data analytics, our engine expertise and your fleet experience to build shared insights that become your most valuable assets. It's how we advance the performance, reliability and health of your engine fleet – so you can be ready for today, and plan better for tomorrow.

SERVICE PORTFOLIO

Analytics & Insight

- eFAST™ technology captures full-flight data
- ADEM™ provides in-flight performance analysis on 9,500+ engines

Smart, Straight-Forward Solutions
